### TeamStar - The Top Choice in Trolleys

TeamStar Trolleys are a fully welded construction and the Australian Made Design is a winner with our local and national market. Our trolley made for Moderate to High Level Use. Designed to meet the highest demand applications industries have to offer. Industrial quality trolley used across many industries.

**TS1A Flatbed Trolley** is a high quality heavy duty flatbed trolley. **TS1AXL** is an **Extra Large Flatbed Trolley** that is very mobile with 6 heavy duty castors. Both the **TS1A and TS1AXL** are premium quality trolleys with single level platform designed for Industrial use with handle heights suitable for ergonomical use. The **TS1B** suits IH060, IH051 and IH078 tubs providing an ideal industrial trolley suitable for order picking purposes. **TSCLIPBOARD** is an optional accessory designed to fit on the trolley handle.

- 1 Year Frame Warranty
- Durable lasting Powder Coated Finish
- Ability to customise on medium and large size orders
